Victory Capital Management acquired composite from RS Investments on 1/1/17. Firm assets prior to 2017 are shown as "N/A" above as the composite was not part of the firm.

1. Victory Capital Management Inc. claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Victory Capital Management has been independently verified for the period from January 1, 2001 through December 31, 2020. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. The RS Science and Technology Composite has had a performance examination for the periods January 1, 2008 through December 31, 2020. The verification and performance examination reports are available upon request.
2. Victory Capital Management Inc. (Victory Capital) is a diversified global investment advisor registered under the Investment Advisers Act of 1940 and comprised of multiple investment franchises: INCORE Capital Management, Integrity Asset Management, Munder Capital Management, New Bridge Asset Management, RS Investments, Sophus Capital, Sycamore Capital, Trivalent Investments, USAA Investments, a Victory Capital Investment Franchise; the VictoryShares & Solutions Platform, THB Asset Management and New Energy Capital Partners. Munder Capital Management and Integrity Asset Management became part of the Victory Capital GIPS firm effective November 1, 2014; RS Investments and Sophus Capital effective January 1, 2017; USAA Investments effective July 1, 2019; THB Asset Management, effective March 1, 2021 and New Energy Capital Partners effective November 1, 2021.
3. The RS Science and Technology Composite includes all discretionary accounts invested in the Science and Technology Strategy. The Strategy invests principally in technology and technology-related companies. The composite creation date is January 2002 and the composite inception date is November 1995.
4. The benchmark of the composite is the S&P North American Technology Sector Index. The S&P North American Technology Sector Index is a modified capitalization-weighted index based on a universe of technology-related stocks. The benchmark returns are provided to represent the investment environment existing during the time periods shown and are not covered by the report of independent verifiers. For comparison purposes, the index is fully invested, which includes the reinvestment of income. The returns have been taken from a published source and do not include any transaction fees, management fees, or other costs.

GIPS INFORMATION

As of December 31, 2021

RS Science and Technology Strategy

5. The internal dispersion of annual returns is measured by the standard deviation of asset-weighted gross returns of accounts included in the composite for the full year. If less than six portfolios are included in the composite for the full year, no dispersion measure is presented, as it is not considered meaningful (N/M). The three-year annualized ex-post standard deviation measures the variability of the composite's gross returns and the benchmark returns over the preceding 36-month period. It is not required to be presented for annual periods prior to 2011 or when a full three years of composite performance is not yet available.
6. Composite and benchmark returns are presented net of non-reclaimable withholding taxes. Gross-of-fees returns are presented before management and custodial fees but after all trading expenses. Net-of-fees returns are calculated by deducting 1/12 of the highest tier of the standard fee schedule in effect for the period noted (the model fee). Net returns prior to 1/1/2017 were calculated using actual fees. Prior to 1/1/2013, net of fee performance for some accounts in the composite reflect the deduction of administrative and other fees in addition to management fees and transaction costs. The composite model fee for each period is either the highest tier of the current fee schedule or a higher value, whichever is required to ensure the model composite net-of-fee return is lower than or equal to the composite net-of-fee return calculated using actual fees. Actual fees may vary depending on, among other things, the applicable fee schedule and portfolio size. The firm's fees are available on request and may be found on Part II of its Form ADV. The complete fee schedule for this product is:

<u>Market Value</u>	<u>Annual Fee</u>
First \$30,000,000	1.00% (Min. Annual Fee: \$100,000)
Next \$20,000,000	0.80%
Above \$50,000,000	0.60%

7. Valuations and returns are stated in U.S. dollars. Past performance should not be considered indicative of future performance. Composite returns reflect the reinvestment of dividends and other earnings. A list of broad distribution pooled funds, composite and limited distribution pooled fund descriptions and policies of valuing investments, calculating performance, and preparing GIPS Reports are available upon request. Registration with the SEC does not imply a certain level of skill or training.
8. The composite is managed by RS Investments, a Victory Capital investment franchise. Performance prior to January 2017 occurred while the team was affiliated with a prior firm. The investment management team has managed the composite strategy since inception and the investment process has not changed. The historical performance has been linked to performance earned at Victory Capital Management.
